Allison Tarvin takes Grand Champion in Livestock Show

Allison Tarvin's hard work paid off Wednesday, July 31st as she was named Grand Champion in the Market Goat livestock division of the Mason County LIA Livestock Show. Allison, along with many Bracken County youth, are lucky to have the 4-H and FFA programs led by many dedicated individuals. Many grew up showing animals of their own and are proud to be able to pass on the skills they learned to the next generation. Along with responsibility, those involved learn not only about animal husbandry and the proper care of livestock, but they learn how to be a good winner and a good loser. Skills acquired will prepare them for all life has in store in the years to come.

End of Germantown Fair week marks beginning of school

Pictured are Rick Morris, formerly of the Western Hills area, helping Kinley Otten, daughter of Norb and Carrie Otten, with her sand art creation at the R Farm Booth at the fair.

As the rides are disassembled, livestock taken back to the farm, the 159th Old Reliable Germantown Fair held July 29-August 3, 2013, closes for the season. Children packed away their fair treasures and memories in drawers, closets and scrapbooks, content in the memories they will remember for a lifetime.

With the end of the fair comes every parents late summer dream ... the beginning of school! As some students start to groan, others become filled with anticipation. All become content in reuniting with their friends, some of which they haven't seen since school ended in May. Parents and students alike quickly fall back into the schedules that govern their waking and sleeping hours from now until next May.

The Augusta Independent Schools were the first to return to school for the 2013-2014 school year. They began on Wednesday, August 7th. Bracken County School District, encompassing Taylor Elementary, Bracken County Middle School and Bracken County High School along with the head Start Program, began this Thursday, August 8th. Saint Augustine Catholic School will follow suit next week with Wednesday, August 14th set as their opening day.

Everyone in the county is reminded to allow extra time for their morning commute as school buses take back to the roads transporting students to schools in our three districts of Augusta Independent, Bracken County and Saint Augustine. By being mindful of the added traffic to the roads in both the morning and afternoon hours, drivers will ensure not only their own timely and safe arrival to work and other appointments, but also the safety of our children and those entrusted with their care when driving the buses.

Augusta Independent receives \$15,000 Technology Grant

For the second year in a row, Augusta Independent Schools has received a grant from the R.C. Durr Foundation. This year, they were one of three districts to receive a school level grant. Grants are typically very specific in what they can be used for. Often times, funding can only be spent on specific types of projects, and the group applying for the grant must submit a proposal specifying how they would utilize the funding.

An invitation to submit a proposal was received by Superintendent Lisa McCane from the foundation. She and the District Technology Coordinator, Tim Litteral, formulated a potential project. Mr. Litteral then developed and submitted the grant proposal on the district's behalf.

"In thinking about our needs, one of my long-range goals had been to update our second computer lab, which is available to our classroom teachers for use," said Litteral. "Most of the computers in that lab are six to nine years old. It has become frustrating to teachers to use that lab due to the speed and uncertainty of those computers." With the grant, the district was able to purchase 20 computers for that lab. With the four new computers purchased earlier in the year, 24 of the 30 workstations in the lab will be new when the project is complete. "The majority of our classes have less than 24 students, which means most of the time when a

class uses the lab, everyone will have access to one of the new machines," Litteral stated.

In addition to the 20 computers for the second lab, three teachers who are in need of new computers will receive one, a laptop has been purchased for the science department, and one new student computer will be placed in the computer lab in the new addition. "With the district adding a second science teacher, it became necessary to purchase a laptop for them to share," said Litteral.

The computers were ordered at the end of July and confirmations had been received that some had begun being shipped the first day of August. "I have 25 workstations to set-up. This will be the first time that I've had a project of this scale. My goal is to have them all set-up and in place by the first of September," said Litteral. Meanwhile, he wants to keep the computer lab available for teachers. "During this upgrade, we want to keep the lab accessible to teachers as much as possible. While the set-up process will be somewhat time consuming, our district can't thank the Durr Foundation enough. In these trying budget times, the ability to purchase anything 'extra' is becoming increasingly difficult. This project will have a direct impact on our students and make sure they have the technology available to them to be prepared for the 21st century."

Receive 10 free White Flowering Dogwood Trees in August

Add color to your landscape year-round by joining the Arbor Day Foundation in August.

Everyone who joins the nonprofit Arbor Day Foundation with a \$10 donation will receive 10 free white flowering dogwood trees through the Foundation's Trees for America campaign.

The trees will be shipped postpaid at the right time for planting in each member's area, which falls between October 15 and December 10. The 6- to 12-inch trees are guaranteed to grow or they will be replaced free of charge. Planting instructions are enclosed with each shipment of trees.

"Dogwood trees will add color and beauty to your yard throughout the year, with their showy spring flowers, scarlet autumn foliage and red berries that attract songbirds in the winter," said John Rosenow, founder and chief executive of the Arbor Day Foundation.

New members of the Arbor Day Foundation also receive The Tree Book, which includes information about tree planting and care, and a subscription to Arbor Day, the Foundation's bimonthly publication. To receive the

Taylor Elementary students make donation to Bracken County Cancer Support Group

Mrs. Amy Jefferson, counselor at Taylor Elementary School, right, is pictured presenting Mrs. Karin Poe, president of the Bracken County Cancer Support Group, left, with a check for one thousand three hundred thirty five dollars raised by the students at Taylor. The students held a friendly competition between classrooms to see who could raise the most money. The winning classroom enjoyed a pizza party sponsored by Snappy Tomato Pizza. After such fantastic results, the students then decided to divide their donation between the Cancer Support Group and the Relay for Life.

The Cancer Support Group is dedicated to helping victims of cancer with transportation costs while fighting this dreaded disease. Currently they are

helping 10 Bracken Co. residents by giving them gas cards each month. It is donations from groups like the students at Taylor that make these cards possible.

Some upcoming fund raising events planned by BCCS include a cruise-in in October and in August, a family portrait project in November, and the Shoot for a Cure in December. BCCS also recently received a

much appreciated donation from the Courthouse cook-out. For more information about the group, contact Karin Poe at 782-5173 or Janice Hiles at 782-0343 or check out their web site at www.BrackenCountyCancerSupport.webs.com.

The group greatly appreciates the donation from Taylor and all the students' and faculty's efforts to make it possible.

Thoughts and Meditations from the Scriptures

"Blessed is the one whom God corrects; so do not despise the discipline of the Almighty." - Job 5: 17

GOD'S WRATH

It is almost always more comforting to imagine that God is primarily loving rather than vengeful, but perhaps we should view God's wrath as part and parcel of his loving nature. To use an analogy, a loving parent would be justifiably angry with anyone who abused his or her child, and the parent might be suspect were he or she too quick to forgive their child's abuser. Since the child is the victim, it may not even be the parent's place to forgive. Likewise, God's wrath is often appropriate, especially when viewed in the context of someone harming His children. Our anger is often justified, but we should seriously consider what the appropriate response to that anger should be. Justice tempered by mercy is undoubtedly the Christian response to most wrongs that are done to us. As good parents often tell their own children, "I love you, and because I love you I must punish you." The sometimes unforgiving God of the Old Testament is undoubtedly a God who was correcting humanity at a stage of our development when we needed plenty of moral education. We should consider how often we are all in need of God's correction. — *Christopher Simon*

What a beautiful Sun., Aug. 4! We had 59 to SS and 106 to worship service. Hope Florer was at the organ and Angie McKinney was at the piano. Each played beautiful specials today.

Congratulations to Gracie & Emma Taylor, beautiful daughters of Brian & Melanie Taylor. Gracie placed 1st in the Manchester Little Miss Kinfolk Landing and was 1st runner up in the Little Miss Germantown Fair. Emma is a Mason Co. Little Royals cheerleader.

Remember in prayer: John Cooper (100% blocked artery in his heart & had a stent placed last week. He also has more blockages), Mary Ann Doyle (test), Nancy Blevins (lung problems & test), Kaitlin Bond (on crutches), Shawna McKenney (test), Johnny & Ruth Nickerson, Dee Warren, John Baker, Osborne Ford, Jane Fathergill & family, Gwen Jefferson, Pat Buerkley, Rick McElfresh, Ruby Silvey, Bobby Shepherd, Deanna McDowell, Janet Morris, Audrey Ferrell, Betty McElfresh, Dale Young (foot problems), Shirley Young (more test), Aldeen McDowell, always remember each name on the prayer list and always each other.

Keep in prayer the families of Ethel Staggs, Randy Ashcraft, Bob Kennard, Tom Kinney and all those that have lost their loved ones.

Colby Davis, who is stationed in Alaska, will be going to Egypt in the near future. Please lift this fine young man up in prayer and all those serving our country.

Bro. Jackie's message was "Walking With God - Overcoming Anger". Proverbs 19:11; Mark 3:1-5. Sudden anger & stubborn anger needs to be controlled. Sinful anger is to be condemned.

There were 21 at Bible Study and appreciation to Edna Litzinger and Ronnie & Annette Harrison for the delicious refreshments.

OAKLAND CHRISTIAN

by Barbara Browning

We welcomed Tom Schneller of "Disciple Makers", a mission we support. He told of that work in many nations of our world. Bro. Jim's message gave us food for thought, "Is It Me or Thee?" Who has the lead in our life?

Church Board meeting is Thursday, August 8.

August 18 evening finds us "Pickin' in the Giving Fields", a garden, on Highway 8, that is raised for the purpose of feeding the poor and homeless. We will be helping pick the produce.

We are conducting a clothing, shoes, purses, etc. drive for "Master's Provisions", another mission we support. Just bring to church by September 22.

Prayer concerns include Bobby Johnson, June Clifford, Zelma King, Hazel Teegarden Baker, Mrs. Bud McCarty, baby Ashby Rees, Cary Carl, Haley Long, Tina Teegarden, Paul Wayne Jacobs, Shawna McKenney, Ruth Woods, Florine Hiles, Anna Lee Clayton, Martha Ann Peddicord, Johnnie Johnson, Bea Elrod, Eudell Hall, shut-ins, armed forces, our leaders.

GREETINGS FROM ST. JAMES

by Caroline Jefferson

Our sincerest sympathy is extended to the family of Ellen Jacobs who died suddenly last week. Ellen was one of our life-long parishioners, one of our oldest and one of the most dedicated parishioners any church could hope to have! Her quick smile, sympathetic ear and readiness to help anyone in need set the example for all of us to follow! Ellen has been a part of my entire life from 4-H leader to church leader and her friendship will be missed not only by me, but all those who had the privilege of knowing her! Rest in peace, Ellen! God has certainly welcomed a most deserving soul to His heavenly home!

Ellen was a faithful member of the ladies L.I.F.E. Group and our next meeting will be on Wed., Aug. 14. Let's try to become more involved with our parish activities as a way to honor the memory of Ellen Jacobs! As Msgr. Dominic's song on Sunday instructed us, yesterday is gone and today is a new day. Let us allow God's grace and presence lead us to renew our lives and to resolve to do good things in this new day!

PRESBYTERIAN POTPOURRI

by Les Grooms, pastor Augusta Presbyterian

We had forty seven in attendance Sunday. Earl Bush led the worship. Maryalyn Brindley led the singing. There was no children's church because this was communion Sunday. Kay Grooms did the power point which had a segment that was played during communion. Susie Hargett, who normally sings while communion is being served, was absent in order to attend the baptism of a grandchild.

Devin Claypool got married Saturday. Congratulations to Devin and his new bride.

All four of our musicians were present Sunday. We tend to take them for granted and it was a special treat to have all four of them present.

Keep in mind that the next Bread Basket Meal will be served on Wed., Aug. 14. It is always the second Wednesday of the month.

Earl & Millie Bush are celebrating their wedding anniversary on August 7.

We are continuing our study entitled "Contagious Christianity". This continues to be an exciting study. We will not be having Bible Study next week because it is Session Sunday. This is the time when we meet at 9:30 a.m. to conduct the business of the church.

My sermon topic this week was about the rich fool. He is the man who had such a bumper crop of grain that he tore down his barns and built bigger barns in order to hold his grain. He did not give credit to God for all of his blessings.

NEW LIFE FELLOWSHIP

by Beverly Whittaker

What a cool summer day it was this past Sun., Aug. 4th! We welcome all that came to worship with us and pray that you received a blessing.

Rebekah Lytle beautifully sang "Jesus Take The Wheel". Pastor Doug's message was taken from 2 Corinthians 1:3-5 and illustrated the principles of bringing comfort to hurting people.

We need to keep our students in prayer as they return to a new school year.

Camp Samuel was successful this year with nine people coming forward to accept Jesus as their Savior. Appreciation to everyone who helped at camp in any way, even in prayer and financially. It is a wonderful outreach to our community where the young people may have never heard the word of God.

We invite you to our services. Our Wednesday evening meal begins at 6 p.m. and prayer/worship service is at 7 p.m. Kingdom Builder classes for all ages begin at 9:30 a.m. and praise and worship at 10:30 a.m. Remember God loves you and so do we!

Are you on track or are you feeling a bit derailed? If so we invite you to come & join us & we will try to help you get back on track. Our services begin with Prayer Meeting on Wed. night @ 7 p.m. Sunday School is 9:30 a.m. This week's lesson is titled "Jesus Is Crucified and Raised". Our trip to the Harvest Children's Home was a great day. There was music by the Churchmen, a great speaker, food, and visiting the homes where the children stay. We were made to feel very welcome and it was a great blessing being there.

Our first Sunday Fun, Food and Fellowship day was changed to Aug. 11. After morning worship we will have a cook-out. Around 2 p.m. the women will meet to discuss upcoming events. At 3 p.m. we will have our afternoon service. We have some special music coming for this. Everyone is encouraged to come out for this great day.

The Bonfire, hot dog roast, and camping at the recreation building is on the 3rd Friday each month. It will be on Aug. 16 at 7 p.m. Everyone is welcome.

The annual camping trip to Cave Run in Morehead is scheduled for Sept. 13, 14, and 15. All are welcome to come. If you have any questions see Bro. Kevin for more details. We always have a great time. We also have our morning worship service there before we leave for home.

Coming soon on Wed. night Bro. Kevin will be starting a 6 to 8 week study called "They Sold Their Souls To Rock and Roll". Everyone is welcome.

Our service times are Sunday School 10 a.m., Morning worship 11 a.m., and Wed. night Bible Study 7:30 p.m. There is a nursery provided during the worship hour and also children's church. Come out and join us.

Belmont Baptist Information Sought

While doing genealogy research on his family, Warren Helvey and his wife, Beverly, discovered family members buried in the Belmont Baptist Church Cemetery.

They are interested in the history of the church. The trustees were Bela Pollard, Harley Estep, and Junior Roberson. They deeded the property to Union Baptist Association Trustees: Eureka Whitaker, Cynthiaana; Lester Moore, Falmouth; and Johnny Perkins, Bradford.

They are looking for records of the church: member lists, burials, or any activities of the church.

If anyone has information for them contact John Workman, Bracken Co. PVA Office, 606-735-2228.

AUGUSTA BAPTIST CHILDREN'S CHURCH

by Roberta Wood

On August 4th the children started studying the Book of Galatians. The children found out that Paul wrote to nine churches and four people. Galatians was one of the churches. We really started out studying "The Fruit of the Spirit" and one thing led to another and we wound up trying to find out who wrote the Book of Galatians, so we started from the beginning of the Book. This week their "Fruit of the Spirit", fruit was bananas and I found out there are a few children that do not like bananas. Go figure. After going over the first chapter we played a Bible Quiz. The Bible Quiz was over the New Testament.

If your children would like to come and study the Book Galatians with us, come on out to the Augusta Baptist Church at 10:30 a.m. each Sunday morning.

BERLIN BAPTIST

by Karen Cooper

We invite all to come and worship with our family of believers. Sunday services begin with Sunday School at 10 a.m., morning worship at 11 a.m. and Sunday night services are held at 7 p.m., message by Brother Dan Black.

This past Sunday was a wonderful time in the Lord at Berlin Baptist. Brother Dan's message was taken from Exodus and titled "God delivers, if we follow his direction He will deliver us from our sin and bondage."

We would like to announce our Homecoming celebration on August 18th beginning after our morning service. The celebration will be held from 12-3 p.m. We will serve dinner at 12:00 and afterwards we will receive a message from Brother Bobby Barnes. We will finish the afternoon with a hymn sing. If you plan to attend the Homecoming please RSVP 606-747-5058, 606-747-5529 or 606-735-2176.

I would like to thank everyone for being so kind in sending me such beautiful cards, phone calls, gifts, and eating a delicious meal at O'Charley's with family and friends. May God bless everyone like He has me on my 96th birthday.

Also thanks for remembering Virginia and me with beautiful cards on our wedding anniversary.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! It's time once again for those big yellow school buses to begin picking up and delivering their most precious cargo! Augusta Independent School begins on Wednesday; Bracken County School System opens its doors to students on Thursday and St. Augustine students fill the halls on August 14! Please be super cautious while driving and observe for over-anxious students as they run to get onto the bus! We pray that the 2013-14 school year will be most rewarding for parents as they proudly watch their youngsters grow and mature, for the teachers as they watch the students absorb the material they present and for the students as they grow in knowledge and understanding! Certainly these are our highest dreams, but keep in mind that "Children have never been good at listening to their elders, but they have never failed to imitate them." (James Baldwin) Did we mention that this school thing is not always easy, but it is well worth the time and effort!

A conversation with Mr. David Appelman of the Extension Office revealed that area farmers were not rewarded for their time and effort when Kentucky's Department of Agriculture failed to complete the Spring Rinse and Return Program! Lack of funding and for other uncertain reasons, the department did not send a representative to collect the chemical jugs that had been rinsed for return and farmers were asked to save these containers for the fall program. October 16 is the scheduled date for the Fall Rinse and Return Program and David has been assured by the Department of Agriculture that someone will be at the Brooksville Farm Supply on that morning and the Augusta Farm Supply in early afternoon! However, David will continue to work with the department to ensure the completion of the project!

Another conversation with Mrs. Donna Rath positively assured us that once again she has obtained the \$7500 Grant so that roll-offs can be provided in the county for cleaning projects around the farms and homes! Some of the funds will be used this fall and as soon as we determine the targeted areas for the placement of these dumpsters, we will publish the information. As in the past, we are bound by the regulations set forth by the Mason County Landfill and it is imperative that citizens observe and obey them!

Bracken County is certainly getting the opportunity to "keep the county clean in 2013" because our Waste Tire Amnesty is scheduled for October 24, 25 and 26! It is against regulations to put tires into the roll-offs, but they are the main attraction of the amnesty! Tires will be accepted on or off the rim from trucks, light trucks, cars, implements, lawn tractors, bicycles, etc; however, foam filled and calcium filled tires, off road construction (OTR), and solid tires with/without pressure on rims are NOT acceptable. As with all businesses, there are government regulations involved with tires from beginning to end and part of those regulations involve you, the consumer. It is your responsibility to dispose of your used tires properly if you do not pay the retailer to dispose of them for you. Many used tires end up on farm equipment which is a great way to extend the life of tires, but eventually these tires become useless even for that purpose and must be disposed. Our upcoming amnesty is your proper solution! Whatever item you need to dispose, consider the best alternative whether it be RECYCLING, REUSING or REDUCING to keep God's earth clean, green and beautiful! Be seein' you - *Bin & Bug*

Frankfort Focus

A Legislative Perspective on the Kentucky General Assembly
State Rep. Mike Denham

For generations now, students have been taught that Abraham Lincoln was the first native Kentuckian to be U.S. President.

Technically speaking, however, that's not true.

To better understand the background of this little-known historical fact, we have to go back to Saturday, March 3, 1849, when President James Polk officially ended his term. Because the next person elected to serve - Zachary Taylor, who called Louisville home for many years - did not want to be sworn in until Monday, that meant the President Pro Tem of the U.S. Senate was the leader of our country, if only for a day.

That person happened to be the Missouri Senator David Rice Atchison, who grew up in Fayette County and went to school at what is now Transylvania University. For what it's worth, he did not take his newfound

responsibility seriously; he later said he had slept through most of it because of late days in the Senate during the previous week.

In a state that has been home to quite a few famous citizens - from Lincoln and Henry Clay to Colonel Sanders and the Clooney family - many others like Sen. Atchison can also claim a bit of history.

There are three people, for example, who played major roles in some of our annual celebrations. Many believe Henderson teacher Mary S. Wilson held the first official observance of Mother's Day, in 1887, while two Louisville sisters are credited with penning the words to "Happy Birthday."

In the latter half of the 1800s, a Kentucky Civil War veteran earned a distinction that would later land him in the Guinness Book of World Records as

half of the tallest couple ever to marry.

Martin Van Buren Bates, from Letcher County, and his bride were both well over seven feet in height. He was so tall, in fact, that it was said his feet nearly touched the ground when he rode his horse as part of the 7th Kentucky Calvary.

In a more somber war-related matter, another Kentuckian - Corporal James Bethel Gresham of McLean County - became our country's first casualty at the start of World War I. Two Kentuckians won Medals of Honor during that war, with Fort Thomas resident Captain Samuel Woodfall called one of the country's most gallant soldiers by General John Pershing, the leader at the time of American forces fighting in Europe.

In other notable distinctions, Nathan Stubblefield of Murray was an early pioneer in broadcasting, with the General Assembly once declaring him the true father of radio; Frederick Vinson of Louisa became Chief Justice of the U.S. Supreme Court (and was born in front of a jail); and Zerelda James - the mother of famed outlaw Jesse James - was born in one of the oldest buildings still standing in Kentucky; it's located in Woodford County.

Not all famous Kentuckians were human. In 1934, Governor Ruby Laffoon elevated the profile of a police dog named Patsy, who had been convicted of killing a sheep and was set to be put down. When the wife of a state senator agreed to take the dog in, and remove the dog far from the scene of the "crime," Gov. Laffoon agreed to provide a full pardon.

There are plenty more stories like these, with each

providing another reason why Kentucky will always be one of the most interesting states in the country. Many of these people may not make the history books, but they had an impact on us just the same.

If you have any thoughts on this or any other issue affecting Kentucky, I would like to know. You can write to me at Room 329G, Capitol Annex, 702 Capitol Avenue, Frankfort, KY 40601.

You can also leave a message for me or for any legislator at 800-372-7181. For those with a hearing impairment, the number is 800-896-0305.

I hope to hear from you soon.

Take Me Out to the . . .
Wedding???

When two sports enthusiasts get married, it is surprising how their love of sports can be incorporated into not only their wedding but the reception. Friends and family were treated to a surprise visit by Cincinnati Reds mascot, Rosie Red, on Saturday evening, August 3rd at the wedding reception of David Kessler and Annie Neumann. Cousin of the bride, Kaleb Darnell, son of Travis and Lynn Darnell of Augusta, was all smiles as he posed for a picture with Miss Rosie Red. His maternal great-great-grandfather, the late Dutch Bauer, would be very pleased his family has continued his love of the Cincinnati Reds. Kaleb traveled to the evening wedding with his mother, grandparents, Marty and April Hamilton, and his great-grandmother, Patricia Ann Bauer Hamilton Simpkins.

Late summer seeding time is upon us

Submitted by: David Appelman, CEA for ANR

If your plans call for new forage seeding of cool-season grasses (tall fescue, orchardgrass, timothy, bluegrass) alfalfa, clover or winter annuals it's not too early to be making decisions of what variety or varieties to plant. The University of Kentucky, under the leadership of Mr. Gene Olson, does an excellent job of testing many varieties at multiple locations. Results for 2012 and previous years are available through your County Extension Agent for Agriculture and on our website at: <http://www.uky.edu/Ag/Forage/ForageVarietyTrials2.htm>

Reports include: Alfalfa, red and white clover, orchardgrass, annual and perennial ryegrass, tall fescue, bromegrass, Timothy, summer annuals, Kentucky Bluegrass, and corn for silage. In addition, variety trials using grazing annuals include: Alfalfa, red and white clover and cool-season grasses. Another relatively new addition to the reports include "Long-Term Summary of Kentucky Variety Trials". If you would like to see how a particular variety performs in other states, click on the link "Variety Trials" Other States". You can also pick up copies of the forage variety test at the extension office.

River Valley Agritourism Alliance would like to extend an invitation to the general public to attend our second annual "Farmer's Feast." The feast is an opportunity for diners to experience the connection between the land, the local food, and the farmers that grow it. It is a tribute to the hard work and talent that bring nourishing food to the community. This outdoor fine dining experience will take place at Par-a-Dox Farms Bed and Breakfast on Saturday, September 7, 2013. Hors d'oeuvres and wine tasting will begin at 5:30 pm and seating for dinner will begin at 6:00 pm. Diners can tour the farm and meet with other members of RVAA to learn about the many products they provide. They will be welcoming Warren Beeler, Director of Agriculture Policy at the Kentucky Department of Agriculture and Tina Garland of the Kentucky Agricultural Department, Office for Ag Marketing & Product Promotion.

River Valley Agritourism Alliance is privileged to be in a region that holds agriculture in such high regard. Our history and culture steeped in agriculture is prevalent in the pride of the farmer. Their dedication to the land and the quality in their products is not just a business, but a way of life. The support of the community for our local farmer is imperative to the success of the commerce derived from the agricultural resources.

The cost is \$25 per person and reservations are required. The reservation provides hors d'oeuvres, wine tasting, dinner beverages, and a four course meal. There is limited seating and they encourage you to reserve your seat as soon as possible. For more information, contact (937) 213-1083 or (606) 267-9003.

Fall squirrel season opens August 17

Kentucky's fall squirrel season is a 196-day split season that kicks off the calendar of fall hunting.

The first segment of the fall squirrel season opens Aug. 17 season closes on Nov. 8. The season opens again Nov. 11 and runs through Feb. 28, 2014.

The daily bag limit is six squirrels.

"I'm predicting this fall's squirrel season will be as good as last year, maybe better," said Ben Robinson, small game biologist for the Kentucky Department of Fish and Wildlife Resources. "In the limited time I've been afield, it looks like we're going to have a good mast year."

There's a close relationship between a year's nut production and the following year's squirrel population levels. Last fall's mast survey rated white oak and hickory nut production as average, red oak as good and the beech nut crop failed.

"I've heard that beech trees in eastern Kentucky are loaded with nuts this year," said Robinson.

The department's annual mast survey, held since 1953, begins on Aug. 15 and runs through Sept. 1.

Biologists survey the foods that are most important to Kentucky's forest wildlife such as squirrels, white-tailed deer, wild turkeys and bear. They walk the same route every year and estimate the year's mast crop based on what they observe.

"After this information is compiled we'll have a clearer picture of the year's mast crop and the likely impact on wildlife populations," said Robinson.

Weather extremes, such as late frosts and heavy rains in spring and summer droughts, can limit the amount and quality of mast.

Hickory nuts begin to mature in August and acorns and beechnuts in September and October. Late winter is the time when food availability becomes most critical to squirrels and can impact their body condition heading into the breeding season.

Squirrel hunters can help management efforts by taking part in the Squirrel Hunting Cooperator Survey. The voluntary program, which started in 1995, supplies information that biologists use to monitor squirrel population trends in Kentucky.

Hunters record information about their hunts as the season progresses, including the county hunted, hours spent afield along with the number and species of squirrels seen and harvested. Hunters also document how many hunters were in the party and the number of dogs used to find squirrels.

When hunters are finished hunting for the season they simply mail in their survey. Logs are available online at fw.ky.gov by clicking on the Hunting, Trapping & Wildlife tab or by calling 1-800- 858-1549. Logs must be returned to Kentucky Fish and Wildlife no later than May 31, 2014.

Each year, after the survey information is compiled and analyzed, a report is mailed out to squirrel hunters who shared the details of their hunting activities from the previous season.

Last season, the survey detailed 1,123 squirrel hunts in 69 Kentucky counties. Hunters reported they saw 5.5 squirrels per hunt and bagged 1.9 squirrels per hour.

Hunter effort was greater towards the beginning of squirrel season as 69 percent of the hunts took place in August, September and October. About five percent of the squirrel hunts and harvest occurred during both January and February.

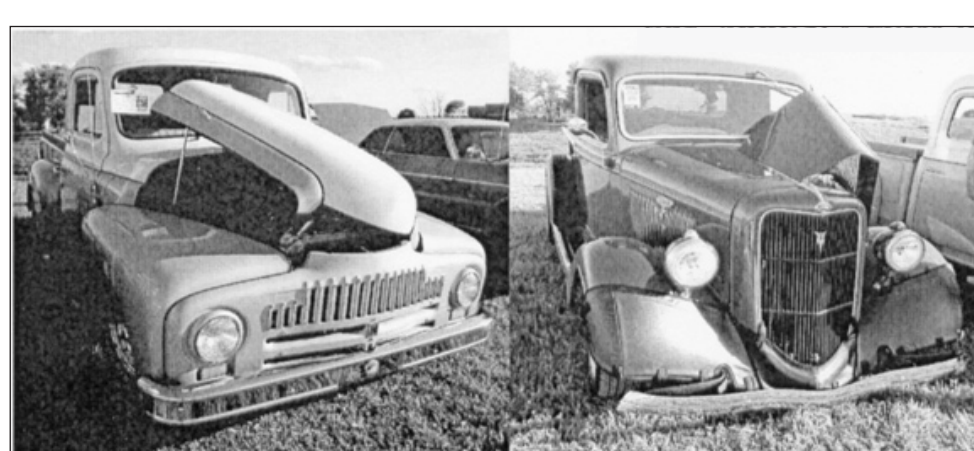

Statewide, 81 percent of the harvest was comprised of gray squirrels, suggesting gray squirrels are more abundant. The data also shows Kentucky squirrel hunters prefer to hunt in forests rather than woodlots and fencerows, the habitat where fox squirrels are most often found.

"Over the years both gray and fox squirrel numbers have remained fairly stable," said Robinson, "with cyclic ups and downs in population based on weather and mast availability."

This fall, hit the woods and enjoy the hunting that started many down the path of the outdoor life.

Farm Credit Honors Long-Time Membership

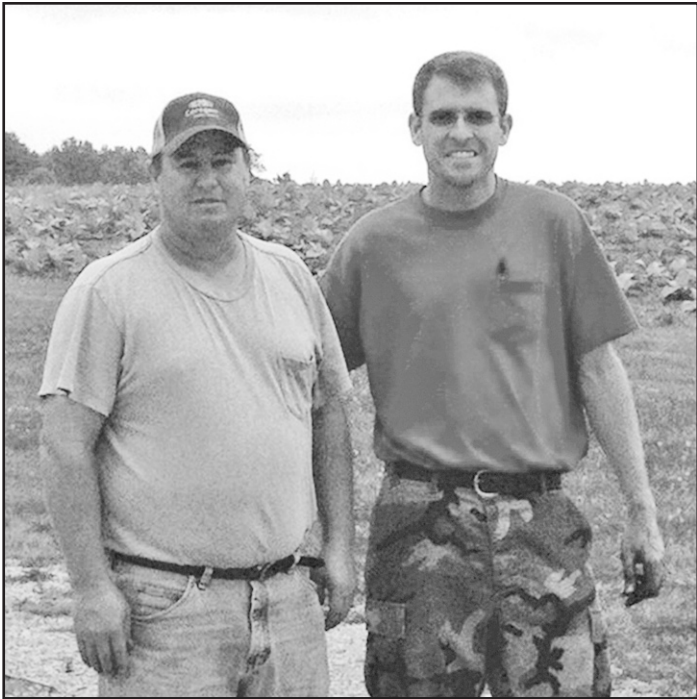

“Heritage Farm Program” recognizes 1 local farm family

As a sign of its commitment to supporting farming families in rural America, Farm Credit Mid-America is honoring member families who have supported the national Farm Credit System for more than half a century. The winner from the Maysville Office was Martin Farms of Mt. Olivet, KY.

Recognition in the Heritage Farm Program is open to current members of Farm Credit who have been a member of the Farm Credit System for at least 50 consecutive years through their immediate family, parents or grandparents. Families who qualify are honored at their local Farm Credit office’s customer appreciation event with a special plaque and heirloom hope chest. The award was presented on July 26th at Maysville’s customer appreciation event held at Blue Licks State Park in Mt. Olivet, KY.

This year, Farm Credit will honor 64 farm families for their hard work and support over the years. This will be the seventh year for the Heritage Farm Program, which has recognized more than 450 inductees in its run.

Included in this year’s inductees are: Martin Farms (Troy and Leslie Martin) of Mt. Olivet, KY- Troy and Leslie run a farm that has been in the family for over 100 years. Their son J.D., who served in the Air Force for 11 years, helps to run their operation. The Martins have 80 head in their commercial cow-calf operation, roll hay for their cattle, grow 15 acres of tobacco and bale alfalfa orchard grass hay. They also have acreage that they own and acreage they rent for pasture and row crops.

Darren, Troy’s brother, helps with the operation when he can as he delivers mail and drives a school bus. Troy is very involved in the community, participating in the Robertson County Beef Cattle Association, Robertson County Fiscal Court Magistrate, Robertson County Farm Bureau Board of Directors and Tobacco Growers Burley Coop Board in several counties. The Martins attend Piqua Methodist Church, which is surrounded by their family farmland. Troy loves to fish in his spring-fed pond when he gets the chance.

“The Heritage Farm Program is another example of Farm Credit’s appreciation of our customers,” said Joel Oney, regional vice president with Farm Credit in north-eastern Kentucky. “We are very proud of the families who have supported Farm Credit and the cooperative system. As a 97-year-old farming cooperative, we value tradition and recognize the important role long-term member families have played in the success of this cooperative and the preservation of this nation’s proud agricul-

tural heritage.”

If you may be eligible for the Heritage Farm Program, applications and additional information can be found online at www.e-farmcredit.com under the “Community” tab. All completed applications must be submitted to your local Farm Credit office before March 31, 2014. Contact your local office at 1-800-444-3276 with additional questions.

Sports in Kentucky

by Bob Watkins

Yep, from the get-go, college football 2013 is gonna be fun

Before the first crunch of shoulder pads there are hints that college football 2013 may be the season you tell the grandchildren about. Scrambles to the top for, pick your favorite team.

Louisville could run the table.

Western could make the Sun Belt a last roundup and stepping stone to bowl game not in Detroit.

And, Kentucky could win half-dozen games.

Before all that however, football’s glamour boy Johnny Manziel has put football in the stage lights.

Kid from Texas A&M earned as much sensational prose the last 12 months as Edward Snowden, Ryan Braun and A-Rod combined.

Johnny Football in October became Johnny Heisman by Christmas and Johnny Party-Time by July. Today, revving up for two-a-days, he’s Johnny Autograph. If an ESPN Outside The Lines report stands up to NCAA scrutiny, Manziel may become Supplemental Draft Johnny.

Yep, from before the get-go, college football is gonna be fun.

While Manziel hides out and A&M officials aren’t talking about their bad boy, fans across Kentucky are “ready for some football!”

Louisville fans are saying things today that made Howard Schnellenberger a laughingstock three decades ago. Cardinals are in the hunt for a BCS title game and nobody’s laughing.

As good as Louisville is, the schedule is not. Still, nobody would be more pleased to see the Cards line up against Alabama in the BCS title game at the Rose Bowl, Monday night, January 6 than The Howard.

Western fans believe coach Bobby Petrino is a water walker and will get the Hilltoppers to postseason too. To start, WKU has new uniforms, new coaches, a new level of media attention and a new win streak against Kentucky.

Only five home games, the Hilltoppers have a step-up-a-notch opportunity as WKU turns the page to Conference USA next year.

Kentucky fans optimism is not new (see ticket sales). It dates back to Bob Hardy throwing passes to Schnellenberger. But level of interest generated by new coaches and approaches is new.

For a team experts say will be the SEC’s bottom feeder again and win two games, interest in and high hopes for Flagship U. are back to top of the charts.

Big Blue Nation’s sunnyminded loyalists can find five-six wins on the toughest schedule in America. When the laughing stops, there are legitimate reasons for finding success beyond Miami of Ohio and Alabama State.

• Western Kentucky. Opener is a toss-up.

• Florida. Off-field issues, injuries and defections and how Louisville knuckled the Gators in January, demonstrates how a team can be over-rated. And, Florida plays in Lexington this season.

• Missouri. Tigers finished 5-7 last season, won only two SEC games, Kentucky and Tennessee. The Tigers play at Commonwealth Stadium November 9.

• Tennessee. Vols are also in rebuild mode. Big Orange comes to Lexington also.

Tally up the intangibles – injuries, fumbles, interceptions, penalties, field position, Big Mo and fortuitous bounces and come December, experts may be crowing about comeback Kentucky.

No laughing, please.

HOOPS TALKING HEADS

How do college basketball analysts on television rank? a reader wrote recently.

One man’s opinion:

1. Verne Lundquist, CBS. Consummate professional controls his biases and brings a Santa Claus laugh. At 73 Lundquist communicates crisply, with self-deprecating humor and knows when quiet works best.

2. Barry Booker. It’s “just a game, folks!” Nobody laughs better than the former Vanderbilt shooter.

3. Len Elmore might be best of best. Professor of no nonsense doesn’t care about being cute and is painstakingly objective.

4. Doris Burke (a favorite). Comes prepared. Sees action off-the-ball and is deft at what’s

coming next. Bit too chatty.

5. Dan Dakich. How good is he? See how ex-Hoosier player does an IU game. Pulls no punches, keeps homerisms to a minimum.

6. Bill Raftery, ESPN. Santa of his profession. “The Kiss” loves the game, enjoys the gig, doesn’t take himself too seriously and so, we don’t either.

7. Stephen Bardo. Voice of a commander. Hope here is Bardo doesn’t fall in love with his own voice.

8. Jay Bilas. Slipped. Being an expert on everything and “analyzing anything that moves” and some that don’t, has made him less enjoyable. Too, Bilas sold out to one-and-done-ism two seasons ago.

9. Steve Kerr. Smart, quick, poised and solid, the former Arizona shooter is not the entertainer his colleagues are and so, does not try to be.

10. Bob Knight. Still enjoy his insights and straight-forward approach, but the General has begun to ramble on too much.

Slipped off the (my) chair.

Clark Kellogg has cutie-pie-

his way up and now down.

Jimmy Dykes. Was good, became Mr. Chirp, too self important and now over-exposed.

Bill Walton. Thinks he’s Shakespeare and in love with a voice from on high. His.

Dick Vitale. In love with being loved, loves being a celebrity and loves English with no paragraphs, no comma(s) and no stops. Get outa here!

Joe Dean Jr. Bless him. ‘String Music’ was cool 20 years ago and is still cute occasionally, but he’s made it into a “hey dad,” tribute.

WORTH REPEATING DEPT.

Centre College received \$250 million the other day. A gift. Nary a dollar destined for ball coaches, sports arena suites or pay for expanded preferred seating at a football stadium.

Beginning next year, 40 Brockman Scholars will receive four year full scholarships and stipends to study abroad.

A Florida native, Bob Brockman came to Centre as a freshman in 1959 having never visited the campus. Why give part of his fortune to Centre?

‘I had my first great victories in life at Centre,’” Brockman said through Richard Trollinger, vice president for college relations at Centre. “He got a sense of his own potential.”

On a college campus. And so it goes.

Bracken County showmen take top honors in Home Grown Division at Germantown Fair

Farm Credit Services each year sponsors a “Home Grown” Class during the “Old Reliable” Germantown Fair Youth Livestock Show. Only animals that have been born and raised on the exhibitor’s farm are eligible for the competition. A Champion and Reserve Champion is chosen from each breed.

Farm Progress Show on the Grow

The 2013 Farm Progress Show once again introduces an expanded show site for its Decatur, Ill., permanent facility. A new street has been added as well as an annex to accommodate exhibitors’ requests for exhibit space. This year’s Farm Progress Show is scheduled for August 27, 28 and 29.

In 2012, the Farm Progress Show needed to expand the Boone, Iowa, site, also due to the increased demand for exhibit space at this prime show. Demand for space has once again spurred show organizers to expand exhibit space, this time at the Decatur, Ill. site.

Growth projections exceeded - “When the Farm Progress Show sites were built in Decatur and Boone, they were built to accommodate the largest show usage in recent times,” says Matt Jungmann, national events manager. “Before the 2011 show, we added Eleventh Street to meet the demand for space. This year, it became clear that extra space was needed to accommodate all the requests by exhibitors, and the investment would need to be made to accommodate those requests.”

Largest outdoor farm show - The Farm Progress Show grounds have grown from 10 streets to 12 over the last eight years the show has been in Decatur. This year’s demand for exhibit space results in the creation of an annex exhibit area in the west parking lot, as well as adding the Twelfth Progress Street within the exhibit field. The new street will be paved for visitor comfort. This expansion equates to 3.647 million

square feet of exhibit space, a 6% increase since 2011.

More for visitors - The extra expansion area referred to as the “Annex,” located outside of Gate 1 in the west parking lot, has an excess of 60 new companies exhibiting. There will be a mix of outside lots and a tent with booths inside. These exhibitors span the ag spectrum and include companies like Polaris, Roto-Mix, Merschmann Seeds, Husqvarna and many more.

This year’s show has even more for visitors to see. With the completion of Twelfth Progress Street and the addition of the Annex, the Farm Progress Show will host more than 600 companies, almost 100 more exhibitors than in previous years.

Don’t miss this year’s events - Mark your calendar for the 60th annual Farm Progress Show and, after you learn about the latest in ag technology, make your way to the fairgrounds for the third annual Great Lakes Hybrids Farm Progress Show Shootout Tractor Pull or take in the country music concert headlined by Chris Cagle.

The 2013 Farm Progress Show takes place in Decatur, Ill., Aug. 27, 28 and 29. The exhibit field is open to visitors 8 a.m. to 5 p.m. Tuesday and Wednesday; 8 a.m. to 4 p.m. Thursday. Admission is \$15 for adults, \$8 for ages 13-17 and free for ages 12 and under. Discounted advance adult admission tickets are available now on the show’s website.
